

General Education Transfer Course Equivalents

General education courses may be completed at Cox College or at any regionally accredited college or university. On-line courses are accepted, online science courses must have a laboratory component. General education course equivalent numbers for colleges in the Springfield area are listed below. Any exceptions to this list or questions, please contact admissions. The following science courses require 4 credits or more which must also include a laboratory component: BIOL 205, BIOL 206, BIOL 208, CHEM 103. The following courses must be completed within five years of beginning a program (if the course is required by your program): Anatomy, Physiology, and Microbiology. Not all courses below are required for every program. Please contact admissions for specific general education requirements for your program.
