Benefits of the BSN Program

- Once accepted into the nursing program, the program will take 16 months to complete
- Small class size: Approximately 32 students are admitted each semester

How do you become a Registered Nurse?

To work as a registered nurse (RN) you must first obtain an Associate of Science OR Bachelor of Science in Nursing degree. Graduates will be prepared to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). After passing this examination, you will be able to begin your career as an RN.

What are the job placement rates for Cox College students?

Registered Nurses are in high demand and so are Cox College students. Of the students surveyed at time of graduation, 96.5% of our nursing students had already accepted a job offer.
